A Message from Mayor Bolt

Tracy Thomas, our new CAO has arrived and commenced work as of July 4th and will be a great asset to the City. The City has received \$900,000 in funding to decommission the Lin Creek Dam in Anaconda, and \$147,008 in funding to upgrade the Official Community Plan. This work will be initiated in the next couple of months and we look forward to the input and support of our citizens in ensuring that we get it right! I am once again appreciative of the organizers and volunteers who are working hard to put on the annual Founders Day July 15th and 16th.

June 7th, 2023 Greenwood had the pleasure of hosting the Duke of Edinburgh's Study Conference tour group (CSC2023).

This group represents exceptional leaders from more than 35 nations across business, government, trade unions and community sectors for an intensive two week program in Canada. We were happy they made Greenwood one of their stops along the way. We wish them success with their endeavours. For more info please visit the website www.cscCanada.org.

- Securely store waste and recycling bins inside a shed, enclosure or garage.
- Only put your bins out the morning of pickup, not the night before.
- Remove other attractants such as bird feeders and pet food.
